

I. BIOGRAPHICAL DATA

Name: Catarina Pinto Reis E-mail: catarinareis@ff.ulisboa.pt
SCOPUS: ID 14027161300 and ORCID: orcid.org/0000-0002-1046-4031 Research ID: M-8132-2013

II. STUDIES AND ACADEMIC DEGREES

April 2003: Degree in Pharmaceutical Sciences at the Faculty of Pharmacy, University of Coimbra (FFUC) (16/20).
March 2008: PhD in Pharmacy (Pharmaceutical Technology), FFUC, (Distinction by Unanimity).

III. PROFESSIONAL EXPERIENCE

April 2017 – present: Assistant Professor at Faculty of Pharmacy of University of Lisbon (FFUL)/Researcher iMedUlisboa.
January 2017-present: external PK assessor of INFARMED.
January 2016- present: Researcher, IBEB, Faculty of Sciences, University of Lisbon.
February 2011- February 2017: Director for Innovation of Center for Research in Biosciences and Health Technologies (CBIOS) and Coordinator of Development of Delivery Systems (DDS) of CBIOS.
January 2009-December 2012: external PK assessor of INFARMED.
October 2007 – February 2017: Assistant Professor and coordinator of Pharmaceutical Technology I and II of the MSc course in Pharmaceutical Sciences (ULHT). September 2010-February 2017: Project I and II.
October 2007- September 2016: Professor Coordinator of Pharmaceutical Technology II of Pharmacy, Escola Superior de Saúde Ribeiro Sanches (ERISA). September 2011- September 2016: Pharmaceutical Technology I and Advances in Pharmaceutical Technology. February 2014 – September 2017: Galenic Pharmacy.

IV. EDUCATIONAL ACTIVITY

Theoretical and laboratory classes at FFUL.

V. SCIENTIFIC ACTIVITIES

V.1. Publications in scientific journals: 49 articles in international journals indexed in the Web of Science and arbitration, 4 Articles in international journals not indexed in Web of Science but peer-reviewed, 11 Articles in national journals with peer-reviewed, 12 Conference papers published in peer-reviewed journals, 3 Conference papers published in non-indexed journals, 1 article published in international journals without peer-reviewed.

V.2. Publications in abstract books

82 Conference papers published in scientific conference proceedings

V.3. Publications in books

Author of 10 book chapters, 9 of them internationals.

V.4. Patents

4 Patents (1 national and 3 internationals).

V.5. Presentations at conferences and scientific meetings

128 posters and 28 oral communications, twelve of them by invitation.

V.6. Referee of scientific papers

Referee of several scientific papers for national and international magazines. Member of the board of editors of international journals: Therapeutic Delivery, American Journal of Pharmacy and Pharmaceutical Sciences, Journal of Research Nanotechnology, Drug Designing: Open Access, Journal of Biomedical and Biopharmaceutical Research.

VI. Supervision

8 PhD students (3 of them already concluded), 5 of them principal supervisor and 20 Master's theses in Pharmaceutical Sciences.

VII. AWARDS

Best poster Jornadas Técnico-Científicas ERISA 2015, Award Best Oral Communication, I Scientific Conference CBIOS, ULHT, 9-10 October 2014, Lisbon, Portugal, Dermatocósmica Lusophone award sponsored by Alies / SANINTER in 2013, Douro Entrepreneur Award in 2013, Dermatocósmica Lusophone in 2012, Bluepharma / University of Coimbra in 2009, Prize at the International Forum under the Industrial Biotech in 2008 and BES National Innovation Prize of 2006.

VIII. SCIENTIFIC AND PROFESSIONAL SOCIETIES MEMBER

Order of Pharmacists since 2003, Member of CRS, Member of Bioencapsulation Research Group (BRG), member of the Portuguese Society of Cosmetological Sciences (since 2011), Secretary of the Board of SPCAL (Portuguese Society of Sciences Laboratory Animal) (2013-2015).

Research competences: Nanotechnology and Nanomedicine, Drug absorption, Biopharmaceuticals, Pharmaceutical Technology.

Research interests: Development of new drug delivery systems, Theranostics, Therapeutic polymers for drug delivery, Methods of micro and nanoencapsulation of drugs, food supplements and cosmetics, Drug dissolution, absorption, metabolism and elimination studies, Targeted therapies, *in vivo* efficacy and safety assessments using animal models, Pre-clinical toxicity assessment, Food supplements, Regulatory affairs, Medical Devices, cosmetics, etc.
